Leadership Expert to Address Fleet Safety at EUFMC

Addressing breakdowns in fleet safety processes and procedures, and driving safety improvements through accountability and effective approaches to leadership, will be the focus of a presentation at the 2024 EUFMC by Eric Kapitulik, founder of The Program, a provider of leadership development and team building services.

A graduate of the United States Naval Academy, Kapitulik served in the U.S. Marine Corps for eight years as an Infantry Officer and a Special Operations Officer. After earning an MBA from the University of Chicago Graduate School of Business, he founded The Program, a team of professionals that teaches organizations how to develop world-class leaders and teams.

In addition to offering key learning points about how great leaders and teams can drive fleet safety improvements, Kapitulik will discuss his experiences in the U.S. Marine Corps, and his survival of a tragic helicopter crash that killed six Marines. He will also detail his subsequent efforts to raise money for a college scholarship fund for the children of his deceased teammates by competing in the world's toughest endurance races and climbing the world's tallest mountains.

The 2024 EUFMC educational program on [Driving Safety, Sustainability & Technical Expertise](#) will feature presentations by fleet executives, manufacturers, and industry experts. On the EUFMC General Session Agenda (subject to change) are the following topics:

- Keynote Address: Mathias Carlbaum, President and Chief Executive Officer of Navistar, Inc.
- Safety and Leadership
- Regulatory Updates
- Fleet EV Charging
- 2027 Diesel Engine Mandates
- AI Opportunities in Fleet
- Technician Recruiting and Retention
- EV Maintenance Cost and Acceptance
- Mutual Assistance Planning for Fleet Managers
- Fleet Culture
- Roundtables -- An EUFMC signature event where fleet representatives and suppliers discuss mutual challenges and find solutions.

EUFMC will also feature a Drive-Through utility equipment demonstration and an equipment show that is the site of more than 60 displays, the second annual Women in Utility Fleet gathering and [Special Activities](#), including tours, golf outings, events for spouses, and more.
